- Frequently Asked Question: Why do I have so many tickets that are in a status of "Awaiting Your Reply?" It doesn't look like you've asked me for any information!
 - Document Upload forms, particularly Retirement Applications, are frequently set to this status until they are ready for processing. We frequently receive retirement documents well in advance.
 - Tickets other than Document Uploads are usually waiting on a response from you, or sometimes from a 3rd party, such as a vendor or Edison.
